

Research and Education Working Group Charge

The Research and Education Working Group reports to the Management Committee and operates under the following charge.

- 1.** The Research and Education Working Group will assist the Management Committee to achieve IAMRA's Goals* as set by the Management Committee from time to time.
- 2.** The Research and Education Working Group's work plan will include, but not be limited to objectives as set by the Management Committee from time to time, related to strengthening the evidence base for regulation, and encouraging research and evaluation of regulatory processes. Currently, these objectives are as follows:
 - The Research and Education Working Group will conduct an environment scan.
 - The Research and Education Working Group will develop a foundational statement.
 - The Research and Education Working Group will create a web-based repository of relevant published research about medical regulation.
- 3.** The Research and Education Working Group will advise the Management Committee on any other matters it considers to be relevant to the pursuit of IAMRA's Vision, Goals and Objectives.
- 4.** The Research and Education Working Group will provide regular reports to the Management Committee and a report to the Members General Assembly.

*IAMRA's current Goals, are as follows:

1. Creating a global community of medical regulators by expanding IAMRA's membership and influence;
2. Promoting appropriate accreditation processes to achieve high standards in medical education and training;
3. Supporting and encouraging members to develop mechanisms for assuring the continued competence of doctors;
4. Promoting and enabling the proactive sharing of fitness to practice/disciplinary information among IAMRA members;
5. Strengthening the evidence base for regulation by encouraging research and evaluation of regulatory processes, and the publication and sharing of findings.
